

CleanRest Pro[®] Mattress Encasement

The CleanRest PRO Mattress Encasement is the first and last encasement you'll need for the bed you're defending from bed bugs, allergens, dust mites, and accidental spills due it's 10-year performance warrantee. PRO's lifespan allows you to preemptively defend your mattresses from bed bug infestation which reduces your amount of lost revenue due to room closures, lawsuits, bedding spoilage, bed bug remediation, bad reviews, and brand damage. For this reason, we advise all hospitality properties to preemptively encase their mattresses with PRO encasements to protect your guests, mattress assets, and bottom line from the high costs of recurring bed bug infestations.
