Pro-Ketch®

Multiple Catch Mousetrap

"With the entrance tunnels out of the way, it makes sanitation and cleaning so much better."

When you need extra protection against heavy moisture or caustic chemicals, our "Painted" PRO-KETCH® is the answer.

The PRO-KETCH has many features and benefits:

No winding or re-setting- Trap is always properly set with easy placement. Gives you peace of mind knowing you always have protection.

"All in 1" hinged lid- Entrance tunnels are out of the way and off the floor of the trap, providing you maximum sanitation and easier to clean.

Unique design- No harmful chemicals, baits or poisons needed. Allows use in USDA and FDA inspected facilities.

Durable galvanized steel housing- Quality construction with years of preventative pest protection.

Clear view lid- Easy to monitor with reduced inspection times.

Monitors insects and rodent activity- Multiple purpose usage. Allows identifying problem areas with cost effectiveness.

**Low profile**- Fits under pallets and in small confined areas.

ACCESSORIES

Service Label
Service label may be applied to the top or underside of the PRO-KETCH® lid. IT PROVIDES AN EASY WAY TO KEEP VITAL RECORDS ON EACH TRAP.

Glue Trap
Holds mice and foreign material such as feces, hairs and potentially airborne particles in place. THIS ALLOWS EASIER, FASTER, MORE SANITARY PEST REMOVAL.
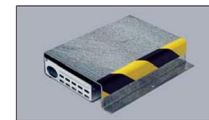

Protector
The protector is a heavy steel guard that protects the PRO-KETCH® from crushing by machinery, forklifts or foot traffic.

4-Sided Protector
The protector is made of heavy 3/16" steel tubing that protects the PRO-KETCH® from crushing by machinery, forklifts or foot traffic.

EASY TO USE:
Peel protective paper from glue trap. Place glue trap under tabs inside PRO-KETCH® and place trap near pest activity.
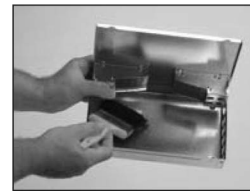

SIMPLE PLACEMENT:
Place trap flush with entrance holes next to wall.

DISPOSAL:
Open trap and remove glue trap.

CLEANING:
With glue trap removed, wipe or brush trap clean.

REPLACEMENT:
Replace glue trap as needed.
