

**Good things
come to
those who bait.**

Niban® Granular Bait Delivers Broad Spectrum Control

Niban offers pest management professionals a weatherized granular bait that can be used indoors, outdoors and as a perimeter bait. Virtually odorless and weatherized, it's the industry's longest-lasting granular bait, and is the #1-selling granular bait in North America.

- Use in commercial and residential structures.
- For the control of:
 - Multiple species of ants, including carpenter, Argentine, thief, pharaoh, little black, pavement, odorous house and crazy ants
 - Multiple species of cockroaches, including Asian, American, brown, brown banded, smokey brown, German and oriental cockroaches
 - Mole crickets
- Active ingredient won't degrade in heat or sunlight.
- Granules last through 10.16 cm (4") of rain and won't mold.
- Proven superior attractants.
- Broad spectrum kill.
- Kills the queen to control the entire ant colony.
- Good for indoor and outdoor treatment.
- Has virtually no odor. Can be used indoors as a crack and crevice treatment.
- Niban is available in 2.27 kg (5 lb.) Comfort Grip® bottles and 18.14 kg (40 lb.) boxes.
