FZVAAK-2

TYPHOON 2V

VARIABLE PRESSURE

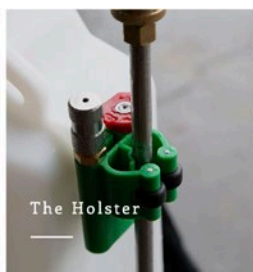

Introducing the ultra-versatile Typhoon 2V. Featuring a rotating knob, you now have the option to select the perfect working pressure for every job; from 8 psi to 115 psi!

The Straps

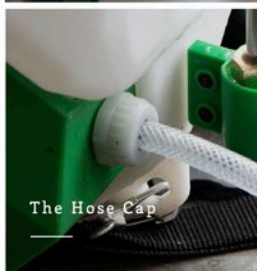

The Lid

The Holster

The Back

The Hose Cap

The Strap Loops

Additional ergonomic improvements make FlowZone series 2 sprayers comfortable and intuitive to work with. Welcome padded backpack straps, a redesigned tank lid, the snap in holster, foam back padding, a screw-on hose cap, additional strap loop positioning and a sealed battery compartment.
